**Conforming and Non Conforming times will be used for entry – long Course meters then short course yards.**

**Individual Entries:** Use a time in the national database for entry that is faster than qualifying time. Fastest times need not be used. Swimmers may enter using an "Override Time" for times that are not in the national database. Override times must include the meet name and date. Override times that cannot be proven by the Entry Coordinator during the entry process will not be seeded in the meet. Times that are missing from the National Database should be requested through the host LSC National Times Coordinator of the meet at which the time was achieved.

**OME RELAY ENTRY PROCEDURES: ENSURE "RELAY ONLY" ATHLETES ARE INCLUDED IN THE TEAM ENTRY ROSTER.** Relay teams may be entered at any seed time.

**TEAMS WITH UNATTACHED OR UNREGISTERED ATHLETES:** Teams may enter athletes with an Unattached or Unregistered status. When building the roster in OME, select the "Add Unattached/Unregistered Swimmer" link. Unregistered swimmers must provide proof of registration prior to the swimmers first event.

Conversions may not be used to prove times; the swimmer must have achieved the qualifying time as published, in the type of course used to achieve the qualifying time. No conversions of times are acceptable for entries. All individual entered times must be provable and be faster than or equal to the qualifying time.

**Seeding:** All swimmers must be entered in provable faster or equal to the qualifying time. Non-conforming times will be seated as follows:

1. Long Course Meters
2. Short Course Meters
3. Short Course Yards

**Scratch Procedures:** Scratching from Preliminary & Timed Final Events:

No penalty for scratching on the block in the morning prelims with the exception of deck seeded events. Any swimmer entered in an individual deck seeded event who has checked in for that event must swim the event unless he/she notifies the clerk of course before the seeding has begun that he/she wishes to scratch. Failure to do so will result in the swimmer

being barred from the next individual event in which he/she is entered on that day or the next day of the meet, whichever is first. Deck seeded events shall be closed for seeding as listed on the order of events.

Scratching from Finals:

- A Any swimmer who competes in a preliminary heat and qualifies as one of the original sixteen (16) finalists must swim in that event's championship final or consolation final; or must notify the administrative referee that he/she intends to scratch from that final's event within thirty (30) minutes of the announcement of the qualifiers.
- B Swimmers may reverse their intention to scratch and choose to be seeded for finals if they do so within thirty (30) minutes of the completion of the swimmer's last preliminary event for that day.
- C Any swimmer seeded in a championship or consolation final who fails to swim that event will be barred from further competition in the meet, unless excused by the meet referee due to one of the exceptions listed below.
- D A swimmer not originally qualified for the championship final or consolation final whom is seeded into a final due to the scratch of another swimmer will not be penalized for failing to swim in that final.

Exceptions for Failure to Compete:

No penalty shall apply for failure to withdraw or compete in an individual event if:

- A The Referee excuses the athlete due to a medical exemption.
- B It is determined by the Referee that failure to compete is caused by circumstances beyond the control of the swimmer.

Declared False Starts:

Declared false starts and/or a deliberate delay of meet are not permitted during all finals and deck-seeded events and will be treated the same as "failure to swim".

NOTE 1: Alternates for Championship Finals will be the fastest of the Consolation Finalists present behind the blocks at the start of the finals for any given event. Alternates wishing to swim in an open lane in Consolation Finals must be standing at the starter's stand, ready to step on the blocks for his/her swim, when the swimmers are called to the blocks. Only the starter will call for the alternate, not the announcer.

NOTE 2: Finals/Consolation Finals scratches must be done individually; 'team' scratches will not be accepted.

NOTE 3: All swimmers seeded in the top 24 places after the prelim session for each event who choose NOT to swim during finals are encouraged to scratch from finals in each event within 20 minutes after the swimmer's last individual event during the prelim session.

Entry Fee: \$5.00 per individual event;  
\$10.00 per relay;  
\$9.00 facility fee per swimmer,

You may enter your swimmers prior to the entry deadline and pay for those entries, to ensure the entries are accepted and still add to your entries based on swims from Last Chance Meets prior to the entry deadline.

## USA SWIMMING – ON-LINE MEET ENTRY HIGHLIGHTS

- Ensure that swimmers times are loaded into the USA Swimming SWIMS database – Particular attention should be given to times achieved at observed and approved meets. Do not wait until immediately before the entry deadline to discover the time has not been loaded. Coaches and swimmers can verify that times are in the database by using the times look up at [www.usaswimming.org/times](http://www.usaswimming.org/times). Contact the host LSC National Times Coordinator of the meet at which the times were achieved to have the missing times loaded.
- Only one account per team (Head Coach) can be used for team entries. The USAS ID number of the head coach will be required to begin the entry process.
- Read the tutorial comments on each page during the entry process. Most questions will be answered if the instructions are read.
- When advancing through the entry process, each time the “NEXT” link is pressed, the information on that page is saved. This allows the entry to be processed during multiple sessions. Coaches can start an entry, save it as-you-go, and sign out without paying for it – in other words coaches don’t have to pay every time an addition is made and OME will retain the progress that has been made on the entry.
- Use the links on the left side of the entry page to jump forward or backwards to specific sections of the entry process (i.e. Relay, payment/checkout, etc.). Using these links also saves the information on the previous page.
- Payment must be made using VISA, MasterCard, American Express or Discover.
- Once an event entry has been purchased, there are no refunds.
- Teams do not have to wait until the entire entry is complete to purchase events. Teams can enter some athletes, purchase those entries, then return at a later date and add more events, relays, or athletes and purchase events.
- **An athlete is not entered in the meet until the event(s) have been purchased.**
- When entering “Override Times” (times not currently showing up in the SWIMS database), in the meet name field, give meet name and brief details on where the time was achieved – i.e.: FGJO13-14-400FRelay Lead – There is room for 25 characters of data. Also enter the date of the meet in the date field. The National Times Coordinator will pre-clear as many (\*) times as possible.
- Relays: When entering more than one relay per event (A and B), OME selects the fastest time in the database for the A relay and the fastest remaining time in the database for the B relay. If one of the athletes on the B relay (that OME selected) was also an athlete on the A relay, OME will signify that time with a (\*\*). That time is not eligible for entry for the “B” relay. Select another listed time for the “B” relay or enter an aggregate time.
- Hy-Tek Team Manager can be used as a tool to assist in the OME process.
  1. First load the “Meet Events File”.
  2. In the Meet Maintenance panel, set the minimum age for open events as desired.
  3. Click on the “Enforce Qualifying Times”.
  4. Set the “Use Times Since” date to the beginning of the qualifying period for the meet.
  5. Create a “Meet Eligibility” report. REPORTS/PERFORMANCE/MEET ELIGIBILITY. Select “Only Eligible Swimmers”. This report shows all eligible swimmers for the meet.
  6. Highlight events to be entered for each swimmer.
  7. Look up and record bonus event entry times for swimmers eligible for bonus events.

8. Proceed with On-Line Meet Entry.
